

# Amphenol High Speed Interconnect

---

Amphenol ([www.amphenol.com](http://www.amphenol.com)) is one of the largest manufacturers of interconnect products in the world. Founded in 1932, Amphenol designs, manufactures and markets electrical, electronic and fiber optic connectors, interconnect systems, antennas, sensors and sensor-based products and coaxial and high-speed specialty cable. Amphenol has been on the forefront of enabling the electronics revolution by driving value through innovation and connecting people and technology. Amphenol has a diversified presence as a leader in high growth areas of the interconnect market including: Automotive, Broadband Communications, Commercial Aerospace, Industrial, Information Technology and Data Communications, Military, Mobile Devices and Mobile Networks. Listed on the NYSE with sales of over \$4.5 Billion in 2013 and a component of the S&P 500, Amphenol is a top performing company with an unparalleled history of growth. With over 40,000 dedicated employees working at over 80 facilities in more than 30 countries, Amphenol has the unique advantage of having both diversified global reach while still being a focused organization. Our focus comes from our entrepreneurial management teams dedicated to specific markets and regions. 2010 "Seeking Alpha" rated Amphenol's management team as one of the top 20 Tech Management Teams in the world.

**Title:** Marketing Analyst

**Reporting to:** Global Product Marketing Manager

## Key responsibilities:

- Act as a key financial information officer between multiple departments (i.e. Marketing, Management, Operations, and Sales).
- Responsible for providing forecast/budgeting reports to the key audience. Provide variance analyses if necessary.
- Prepare period-end corporate reports pertaining to actuals and forecasted sales by various details such as: by product lines, by geographical channels, by customers.
- Capital budgeting: evaluate the new projects, manage the approval process and provide a high-level summary to the management with key information such as the NPV, DCF, IRR, and Payback.
- Daily standard reports such as the following: the bookings report, sales report, inventory management report, backlog report.
- Period-end management reports such as the backlog summary, distribution chase report, weekly revenue projection report, E&O report.
- Internal controls: ensure that proper processes are in place to generate accurate datasets for its respective reports. Identify the existing limitations and issues surrounding the internal controls and initiate corrective measures to mitigate the problems.
- Responsible for creating and maintaining Excel tools that cater to the needs of the key audiences such as the Marketing Manager, Account Manager(s), General Manager and the Corporate Controller.
- Complete ad-hoc requests as needed.

The ideal candidate will possess excellent verbal and written English skills. Due to the nature of this position, an analytical person that is dedicated to accuracy would be best suited. Opportunities for advancement and growth are available to other marketing or finance departments within Amphenol.

## General Requirements:

- Must abide by all Health and Safety Rules and have demonstrated commitment to good housekeeping/organizational practices.
- Maintain good working relationships with others.
- Strive for continuous improvement in all aspects of the work environment, this includes active participation in company committees, project teams and relevant job training
- Commit to self-development goals as discussed with your supervisor and attend all company sponsored training.

## Minimum Requirements:

- Related undergraduate degree(s) in Marketing, Finance, Accounting or Business Administration.
- Advanced Excel User: able to manipulate datasets with highest degree of flexibility incorporating pivot tables, complex formulas.
- Strong analytical capabilities.
- Experience in marketing or financial analysis and reporting.
- Able to learn new ideas quickly and adapt to the changing environment.

**Desired Qualifications:**

- Able to think outside the picture. Ideal candidates are expected to be creative with their approach and be able to create new tools to suit the requirements coming from multiple audiences.
- Superb understanding of the business operations, and provide analytics with meaningful insights that will aid the management's understanding (i.e. cost analysis, profitability analysis, product/customer mix)

Amphenol Canada is committed to developing inclusive, barrier-free selection processes and work environments. If contacted in relation to a job opportunity you should advise Amphenol, in a timely fashion, of the accommodation measures which must be taken to enable you to be assessed in a fair and equitable manner. Information received relating to accommodation measures will be addressed confidentially.
